## Spiritual Legacies

**W**hile Robyn and I were praying a couple of weeks back, the gift of diverse kinds of tongues was into operation in me and I heard the tongues, I was speaking morph into English language. I started saying something which at first sounded like "Pro-fli-gacy" but as I continued to speak it became clearer; I was saying, "Pray for legacy, pray for legacy". The Lord was saying, "Pray for legacy". I did not immediately know what that meant so I asked Robyn what she thought about it and how we should approach this prayer request. She said I should seek the Lord about the meaning of that so our praying would be accurate (A legacy is something handed down from generation to generation as by inheritance).

I muffled a few prayers in that connection and never really took it seriously until just last week, as I was preparing for Sunday's talk – I had wanted to continue a teaching on Melchizedek: an icon for convergence realities – I received an sms from Prophet Babs in which he made mention of the season of opening of the books of remembrance. At once I knew the Holy Spirit wanted me to change the direction of my Sunday's message. I did, speaking rather on possessing desolate heritages. What a powerful meeting we had. The presence of God was manifest in a buoyant way.

After the church service, Funmi, one of my daughters, had a call from Lagos. Her friend in Lagos wanted to know how our meeting went that day. He asked what we spoke about and when Funmi told him he screamed. They had spoken on about the same topic in his church in Lagos and they in fact had prophetic manifestation where folks saw ancient saints right out of heaven in attendance. These saints were holding torches, which represented mantles, and began handing out these torches to several believers in different Kingdom communities. Funmi's friend said, 'We saw some of them coming to your church (CentrePort).' In this season of spiritual convergence who may restrain the Lord's hands from doing that which is unprecedented?

Mantles are falling.

## Restoration and Time Frame: The Number 16

**I**n the build up to the just concluded Healing Leaves School which began recently in Jos, we began to see how the programme and season fit into a 16 year (or a No. 16) cycle of restoration and release, revealing the spiritual reality of the Opening of the book of remembrance before the Lord, manifesting as the transfer from the heavens of inheritance in the form mantles from old times and generations. This was really amplified as the Healing school progressed in a way that was hard to explain.

It is interesting to know that people assigned to research, study and make a presentation on particular great men and women in church history, began to experience direct connections or encounters with the Holy Spirit about them. Examples included:

- i. The person assigned to study Archbishop Benson Idahosa discovered while researching that his birthday is the same day this great leader went to be with the Lord. I actually wanted this student to study A. A. Allen, but the Holy Spirit said to have him study Idahosa, only to discover later that they share dates and that he had previously been seeing him in visions and dreams, not realising who it was.
- ii. A lady had an encounter with a presence that names Oral Roberts, after which she suddenly got healed of lungs

illness, a condition she has had since birth as the burning sensation from the encounter lingered on her. I later informed her that it was a lungs disease that led to Oral Roberts entry into the healing ministry. I actually wanted her to study a female minister of the Word, but the Holy Spirit said Oral Roberts, and the result was the encounter. Further studies revealed many similarities she shared with Oral Roberts calling into ministry.

iii. Assigning another person to study Smith Wigglesworth was no accident. I actually saw Smith Wigglesworth walking in the spirit towards him in a Prophetic School meeting in September (at this time, there was no plan for Healing school). It was as if Wigglesworth was coming to visit him at home. While I wondered what it meant, I saw a book authored by Smith Wigglesworth going towards him, and then I prophesied to him about reading Wigglesworth's books, then he confirmed and said that until that day, he had actually been reading his books for days, and prior to this time, we never discussed it. This encounter had more to do with the cloud of witnesses releasing a heritage for him than merely reading a book to get information. Even though he had no dream or vision about Wigglesworth, it is still clear that all this was orchestrated for him to experience a transfer from heaven just by studying about Wigglesworth.

It is becoming clearer that this is a whole lot about restoration of lost things, as justice and recompense for past attacks unjustly suffered by the Saints. We are in some kind of season of 'zedek', the Justice of God with the number 16 or a 16 year twist on it. This was amplified from a word on time frames regarding a Canadian woman, whose age I saw go back to when she was 16, who then described that she left home at age 16 and several things happened. The Lord showed how He was restoring wasted years to her by bringing her into a prophetic mantle, which as she functioned under would bring her back to the things and seasons she lost during that period. And she confirmed that a prophetic grace came on her since she entered Nigeria.

At a prayer meeting, I also shared how the Holy Spirit told me to go watch a particular movie. Though I had watched it before, it only brought further clarity regarding

the word on 16 years. In the movie, a villain had framed himself in a mystical book which allowed him to be held still in time, and later returned to life - back in time - at the age of 16.

The term 'Healing Leaves' is not entirely new. It was from a vision of a programme I was led to hold about 16 years ago as a student, where the miraculous happened and issues regarding injustice, suffering and the death of Christians around at that time. These all has to do with the cloud of witnesses related to the Healing Leaves programme at that time. This was a time of death around me and personal injury, injustice and suffering inflicted on me as a young student. Recently, on a Friday, as I walked away from a painful funeral to the family house of the deceased person, the name 'Healing Leaves' came for this School, and the Lord said, "Call that healing school meeting 'Healing Leaves'". I realised later that the programme was planned to commence on the 16th of November 2015. Also, the fact that next year is 2016 makes it abundantly clear that there is a message in all this and that it is no coincidence. Late 2015 into 2016 is the season of the book of remembrance. This is the year of justice, recompense and restoration through the transfer of mantles.

It is taking into consideration the dead in Christ as it births justice in the earth by bringing back their mantles in greater power from the cloud of witnesses. And this directly has to do with the 'Book of Remembrance' (Mal. 3:16). And connecting them to the number 16, as a number of appointment or date for spiritual justice; in the form of the release of mantles, transfers and visitations. People have started informing me of things that happened 15-16years ago that had huge impact on their lives, and now realise how it has been playing out in their lives especially with reference to workings of God in their lives

I urge you to trace your years to Age 15-16 or to 15-16 years ago and if there's a land mark in your life, and even if nothing is traceable, understand that it is all a pointer to the season of Mal 3:16 where the book of Remembrance is opened and heritage is transferred.

## 'THE CONVERGENCE'

December 2-5, 2015, Abuja, Nigeria

“Then they that feared the LORD spake often one to another: and the LORD hearkened, and heard it, and a book of remembrance was written before him for them that feared the LORD, and that thought upon his name. And they shall be mine, saith the LORD of hosts, in that day when I make up my jewels; and I will spare them, as a man spareth his own son that serveth him. Then shall ye return, and discern between the righteous and the wicked, between him that serveth God and him that serveth him not.” (Malachi 3:16-18).

Notice verse 16 speaks about a 'book of remembrance'. Kings kept the names and records of faithful subjects in the book of remembrance; in order to, at the appropriate time, reward them or their lineage i.e. children and grandchildren because of their sacrifices. Mordecai's name was written in the same book when he saved the King's life from an assassination plot in the past. His reward was delayed (a deliberate act of God) till the time when justice was immensely needed from Haman's genocidal plans against Israel. Meaning that the book of remembrance operates with seasons of sacrifices and then of rewards. Thus, may delay reward for sacrifices and injustices until God can use it most strategically. The spiritual book of remembrance is opening to reward true spiritual genealogy of Saints who are now in glory and whose sacrifices and injustices were not rewarded in their time but will now be given to their spiritual heirs in the form of mantles transfers. Note that again that's on verse number 16. And this I believe is the meaning of the 16s floating all over the place.

“For, behold, the day cometh, that shall burn as an oven; and all the proud, yea, and all that do wickedly, shall be stubble: and the day that cometh shall burn them up, saith the LORD of hosts, that it shall leave them neither root nor branch. But unto you that fear my name shall the Sun of righteousness arise with healing in his wings; and ye shall go forth, and grow up as calves of the stall. And ye shall tread down the wicked; for they shall be ashes under the soles of your feet in the day that I shall do this, saith the LORD of hosts.” (Mal. 4:1-3).

And now God's faithful Saints in glory are having a preparing of heirs i.e. spiritual grand children (spiritual genealogy) as the book of remembrance is being opened in this season of 16s. This day in which the book of remembrance is opened is the day of justice and the same day in which the sun of righteousness will arise with HEALING in His wings.

The Healing school was designed to study and witness to the lives and sacrifices of the great fathers of Healing, because that is the process of the opening of the 'Book of remembrance'. It is opened with the movement of the Sun of righteousness arising with HEALING! Therefore,

the season will start out manifesting as a healing and prophetic wave of God. This was why as each presenter studied a saint in glory to present their witness and identify with their spiritual genealogy, they started having encounters with the mantles and angels of those men/women. And as they presented their witness, the Holy Ghost confirmed it in power. And the encounters are still ongoing!

You can get the Audios of healing Leaves witnesses online at our blog site: <https://newineapp.wordpress.com/>

Rick Joyner began a study on the old time leaders the same week this programme was held to show that it is the season for it and not just a programme. And he wrote on Mariah Woodworth-Etter the same day her presentation was made during Healing Leaves.

Many presenters found a connecting point between themselves and the leader they presented on, like sharing birthdates such as the ones described above. And amazingly some of these discoveries involved the No 16!

Here are more examples:

A brother shared this before a programme in Lagos on Sept 19th 2015, “The Holy Spirit began to draw my attention to Kenneth Hagin since last week and his messages hung so strong upon my heart, just for me to come today and find out that he died on September 19, 2003, and God said its 12yrs since he died, that the Saturday meeting on the 19th is going to be powerful one, so many things deep in me that has been searching for expression and explanations for interpretation and direction. God said mighty angelic princes that worked with Kenneth Hagin to work healings and miracles will be released on that 19th. The time is upon us, God help us...”

Another brother after studying John G. Lake realised that he shared some interesting dates with the hero of faith and his report was: “I spoke about a man who lived for 65 years exactly 65days after his date of death (September 16 1935), and at this time, my biological father was 65 years old. John G. Lake broke the spell of death exactly 12 years after the demise of my elder sister (2003 - 2015) and exactly 12 days after the day of her internment (Nov 8 - Nov 20). The number 12 symbolizes foundation; so I believe that a new foundation (of God) has been laid. Could we be the generation that this Healing mantle is meant for? Because this certainly can't be a coincidence...”

This brother has definitely located his spiritual heritage, try to study past leaders to honor them and witness to their heritage before the courts of Heaven and see what God has for you.

## A Season of God apportioning territories

**O**n the 5th of August 2015, I had a prophetic experience in which it was as though God took me back in time to where the children of Israel camped at Jordan, about to cross the Jordan River, in order to take possession of the land of Jericho. It was both a spiritual and physical convergence. On one hand, the watchmen of Jericho were on the walls; their armies within the city were fully armed and prepared for battle. On the other hand, Joshua and the Israelites were also being equipped through circumcision, receiving instructions regarding their movement by the movement of the priests and the Ark. The captain of the host of the Lord had also arrived, angels with chariots were also there, and it was a place of spiritual convergence. Jericho and other cities must be taken and possessed because God had promised it to Abraham and his seed and this was a time for the word of the Lord to be fulfilled.

As the church, we are presently at this place of spiritual convergence. In recent times, there has been an increase in spiritual perception, engaging the heavenlies and angelic activities. The heavenly host and earthly host are uniting to take delivery of spiritual and earthly territories that have been promised us. Mandates and mantles of the fathers that seem to have not been fully utilised, that are dormant or laying fallow are suddenly receiving attention and activations.

Promises are being rekindled and God's word to us today is to re-dig the Wells of our fathers, go forth in faith and take possession of the territories we have been given, and expand the frontiers of the Kingdom.

In order to do this, we must partner with Jesus the captain of the host, we must be strong and courageous (Josh. 1:5-7), we must be fierce, resolute and determined and above all we must know that the victory is already ours in Christ.
