

# Seer MONTHLY

A prophetic journal of the Council of Seers and Prophetic People (COSAPP)

Vol.2 No.8

## From the Publisher's Desk

Welcome to this edition of Seer Monthly. For many people, the earth is in such a flux. There's so much uncertainty when you look at things from a natural stand point, but bless God we do not have to do that, for we have the prophetic to enable us

gain proper insight into the true nature of things. The prophetic provides us with vision, clarity, meaning, strategy and Intel.

I am glad that we have a new company of seers emerging out of years of divine investment. We are featuring a couple of them, and would be featuring more of them in the days to come.

There is a new feature in Seer Monthly, and that is the Prophetic Buzz and Witness column. Sometimes you hear certain words and something reverbs inside you; sometimes it happens that you keep bumping into certain words or phrases, sort of like they just pop up all around you. It is God communicating, and your spirit receiving witness. If you could just pay attention you would hear what He's trying to communicate. We have included a few of the words buzzing around. Shalom.

Ernest Paul

Council of Seers  
and Prophetic People

## A NEW DAY

The word of the Lord was birthed in my spirit on 3rd of January 2017 with musical notations.

I am changing your soul; every day regaining your soul, for what I'm yearning for is the salvation of your soul, what I'm longing for is the total salvation of your soul till you become one with the Spirit, one with Divinity.

I will keep saving you till you are complete; till you return to our beginning. I am the one that has washed every iniquity; I will save you to the uttermost.

I will not stop till you are fully redeemed. Even when you fail and stumble, I won't let go till I am done. Till that addiction is gone, till that weakness is taken away and you're made whole.

You will be beautiful; yes you will, for I am working on you.

Then you will hear the earth give her voice in a loud scream; these are the Sons we have been earnestly waiting for; the heaven and earth will cry out loud; they are beautiful! They are beautiful! They are beautiful; yes! Truly beautiful.

Even the finest of the angels will scream; they are beautiful in the earth, your seed is beautiful! Splitting image of our God, what a beauty to behold in the earth.

As surely as the dawn appears you will be beautiful, glowing with my beauty, you'll be glorious in the earth, the envy of the angels, my Pride, my strength and my glory.

Then will I walk again in the earth as in the beginning, and it will become our garden as it was meant to be. You will be glorious in the earth, my tabernacle will be glorious.

And every trace of iniquity, transgressions or Babylon will be wiped away and every influence of disobedience, weakness or this present darkness that you can feel, see and touch will be a thing of the past.

Then you will be singing and rejoicing in the likeness of the Father. You'll be ruling with the father in this kingdom full of light and love. Every injustice will be wiped away, and corruption will no longer exist, every fear will be cast away in this new day.

This is the new day; the day of judgement by the saints, the day of the judgement of the world. The day of the kingdom of our God and of His dear son; of rest unto our God, of righteousness, peace, truth, justice and reward.

Darkness has been judged. There's been many shakings, and all that can pass away is gone away, this is that new day. A day of new songs, of new hymns and new psalms, let the earth be glad and relieved of her weariness for it is a new day!

James Love Olufunmi

## 2017 : Year of Priesthood and the Spiritual House

**W**e entered the Hebrew year 5777 last year October; there has never been so many 7s in a Hebrew Year. We have to take note because God gave the Hebrew calendar by himself. He gave the calendar in sequence of 7s. When he gave appointed times and seasons, he gave it in 7s. The 7th day was for Sabbath, a day of Priesthood, a day to worship the Lord. 7 is directly connected to Priesthood.

The Lord is raising a priesthood of stones this season, for the building of the latter house that will carry the latter Glory.

While pressing into God, I began to see a series of things that God was doing and opening. I began to see God doing things he has never done before, he gave access to things he hasn't before. I saw the darkness that tried to prevail against what God was doing, I saw the rejection and God said that was priesthood. Do you

know the stone of the breast plate of justice, the one that represented Joseph was a black stone? He was the rejected of them all, he was the lamb that was sacrificed for the survival of the rest and he was the one that was sent to save the rest. He was the one that was disallowed of men, sold for 30 pieces of silver. Some of those things are not ordinary, they work stones into you. The Bible says that the trial of your faith should come forth as precious stones. God is constantly working stones into you, they are not earthly stones, they are heavenly stones.

Each stone has its deposit in you. A stone brings you into the wisdom of the knowledge of the Glory of the Lord, another stone gives you extra ordinary depths in the Holy Ghost, one opens the word of God, another opens the sound of God to you, these different stones open up different dimensions of God in you. The aim is to bring an offering that is living and acceptable to God, it's all to bring priesthood out of you. A stone can bring heavenly sound, healing etc. The stone of healing was carried by Jesus, it came as stripes, numbered (39) and measured. Another one makes you go on sacrificial feats for God, God places a demand on you to bear for him, and you have the ability to do the unusual, but it requires another measure of sacrifice, those are components of priesthood.

David stood by one of the garrisons of the stronghold of the philistines, that was in front of Bethlehem and he desired a drink from the well inside Bethlehem (2Samuel 23: 14-17), it was a wish, a pleasure, and that wish was a command to his three best men. They only heard him, they didn't wait for a command and they broke through camp of the Philippines and brought back water from that well. There are men like those three who are priests unto Jesus. David took that water and poured it out before the Lord. He called it the blood of the lives of his three mighty men. What you pour out before the presence, before the ark, must be sacrificial blood of animals. But for the first time, they poured out water. What that water represented in the realm of the Spirit was blood. That's priesthood. Unless you have stones that cause you to see the presence of God, you won't know water was blood. That the difference between the normal priesthood and the spiritual priesthood. The things that are spiritual are foolishness to a carnal man, because he can't see or understand them. They are spiritually discerned.

David's mighty men had offered up their lives for God. In offering their lives to him (David), David realized it was unto God in him, so he didn't dare drink the water. A physical priest will drink that water without knowing. We are meant to work in a spiritual house that is real, measured and functional as a physical house but on

another plain.

This priesthood is the one that goes beyond the veil because it is a priesthood of stones. The 12 stones the high priest carried represented all the tribes or house of Israel. He carried the children of Israel upon his heart. It is the priest of a spiritual house that precisely represents the people unto God, he knows the true ways of the house of God.

This is the seventh year of this decade (2017) and also a seventh year of this Hebrew decade. It is the year of priesthood. It is a seven of sevens, and it has never occurred before. According to records, this is the 50th year Jerusalem was restored back to Israel. It is a jubilee for Israel now. She is being made a pioneer nation. All kinds of things are happening in the world. They are being excommunicated, like the stones that the builders rejected. The USA outgoing president is doing something with the UN now, they will soon have another meeting of 70 nations in Paris. 70 nations voted in the last UN resolution.

Prophetically, 70 is the number of nations, the number 70 represents a complete nation. How do you try to blend a nation that has democracy with Islamic nations that operates on dictatorship, it's a war of beasts. Babylon is warring to overcome Israel. There are too many 7s around. There are already signs in the earth. The Bible says the sons of Issachar understood the signs of the times. We are receiving the stones of Issachar to be able to tell the signs of the times, to understand what Israel ought to do. It's the season of Priesthood, the Priesthood of Stones that can look beyond the ordinary and tell what the sign is. This is the Hebrew year 5777, and a man who is '7777 years old' will be in office, the day he will be inaugurated as the US president will be his 70 years, 7 months and 7 days. It's a sign of 7s.

God is releasing priesthood and discernment into you. Donald Trump is a man that won the elections, though he is not a politician. This represented some major things in the spirit. He doesn't love God nor regard Man.

Jesus gave a parable of a judge that doesn't fear God, who has no regard for men. He gave that parable to say men should always pray and not faint (Luke 18). When men who does not fear God nor regard men are in power, we better pray. There was a woman that was robbed, and on daily basis she was disturbing the judge and the courts for justice, the judge later said 'let's give her what she wants'. So we see a man in the times and the fullness of the seasons of time, who doesn't fear God or man, who is ready to go to war. That's why it is a season of priesthood. This is a time for persistence in prayer. This is the time not to take NO for an answer or look at the judges' face. We must demand for justice.

Trump's son in law is a Jewish man, in the same season when Israel is suddenly becoming the pariah of nations. This happened in the times of Esther, when a Haman used his political power to raise an edict against Israel, Esther waited on God with fasting and prayer. Mordecai told her 'who knows if she was brought into the kingdom for such a time as this. Meaning if she doesn't rise up, God will raise another to save Israel. This is a season of deliverance. Trump arose just in time to save Israel. The stone that is being rejected is about to become the head as priests begin to pray. The time Israel was going to be taken over, God brought deliverance. This is about the fullness of times. This is about the stone of trembling that Israel represents. We also are becoming stones of rejections, so that God is building a new house, a new priesthood that will also offer the right sacrifice unto God. It looks scattered but it is a straight line, the symmetries are accurate, unless you are a priest in the spirit house, you may not see. We must rightly divide the Word of Truth. Israel is the portion of God among the stones. Esther and Mordecai did not sleep or rest till justice was given to Israel, till Haman hung on his own gallows.

Israel right now is facing a lot of political rejection, especially concerning Jerusalem, which UNESCO agreed that it shouldn't belong to Israel, and certain Christians are saying that it was in the Old Testament that Jerusalem was given to Israel, it was on the mountain in Jerusalem that Abraham sacrificed Isaac, He believed God and it was accounted to him as righteousness.

So it's in this year of 7s that the world leaders are uniting to divide Israel. It is not by the power or might of Israel, that land can only be protected and kept by priesthood. It's a year of priesthood.

The offering of sacrifice of Abraham did not require anything that is earthly, yet he offered the sacrifice that God

would sacrifice later (Gen 22). He didn't wear garment or build temple to offer sacrifice because he had stones built in him. So the priesthood of Abraham was confirmed by the oath which God had with him when he swore by himself (Hebrews 6:13). He blessed Abraham because of his priesthood. It was a perfect priesthood without a physical building. The temple that you think is real might not be true; you need discernment to know the spirit houses.

That is why it's the year of priesthood. It is a priesthood that is built with stones, stones that will be built up into a spiritual house. It looks scattered if you are standing before the veil, but if you enter the veil with the living stone, you will understand that pattern, you will understand the perfection. What you were calling scattered may actually be the pattern and perfection. Beware of what you are calling confusion. Maybe it's the veil that will be casting the shadow or maybe it's because you are standing in the wrong spiritual house or maybe there's the need for the right stone to guide you beyond the veil so that you will see the Urim and the Thumim granting us grace to be able to rightly divide the Word of Truth. Who will be the spiritual house that is made of stones? Who will have the perfect measurement? We must find a resting place for the Lord. In the year 5777 in which we see a man with '777', the year when the stone of God, Israel is rejected, it tells you of a new spiritual house that is being built.

There is a new priesthood of a new spiritual house. We must understand this is the year of the spiritual house that God is building. It's a year of the priesthood of stones that goes beyond the veil and offers acceptable sacrifice. The priesthood will be discerned and acceptable before the presence of the Lord. It will not be taken as water, but it will be poured out as a living sacrifice before the Lord, and the Holy Ghost will respond to it because when sacrifices comes the fire of the Lord begins to burn and the glory comes and that is why this is the year of the glory of the Lord. It is a year of the fire of the Lord. It is the year of the Glory coming upon the Spiritual House, because your sacrifice will be discerned in Heaven and it will be received and acceptable.

This is the season to watch and pray, pray for the peace of Jerusalem, it is a time to give to Israel, love and speak up for Israel. They have covenant brethren; they have a house of David that includes Gentiles like us. This is a time to enter the courts of Heaven for Israel and reclaim that title deed that Jeremiah hid, we must demand that the truth is rightly divided, not the land divided. That is the cry of priesthood this hour. This what Abraham, Isaac and Jacob is saying, because their God is the God of the living and not of the dead.

There is a new song and the new song is coming from where the new sound is. Something wild is going on and it's beyond us!

Prophet Babs Adewunmi

## WISDOM

Dream - Saturday, Dec 24, 2016. 4:17am

"Wisdom has come to us. We have received emissaries from beyond to join in this battle with us."

I saw ancient men dressed in war clothes, their looks were fierce, resolute and set. They were not 'our kind of men'.

I saw us in a military formation. Pastor Robyn Paul was with an army and she was pacifying, comforting and encouraging them. We were up against a horde of enemy that was totally 'spiritual'. Our enemies were spirit beings. We were broken into smaller units and told to pray for each unit that goes ahead of us into battle.

I saw what it means to be injured by the enemy. At some point we were facing a high level mission with few warriors available and I was interceding in my unit with little strength. One of the enemies came, so wicked and ruthless; he carried a depth of evil around him. I was pierced in the dream with a sword, but I didn't die, I only began to lose strength. A smaller unit of warriors gathered round me and were praying for me, life began to enter me gradually.

That was the nature of the battle, the enemy tries to weaken the believers but they are resuscitated by the

prayer cover of other believers.

Nobody was dying, just a weakening of strength while the enemy was on rampage. As long as believers are weak, the enemy is causing more havoc. He destroys cities and prayer covers. While the destruction is going on, the coming of the King is 'hindered', because of the stench of evil he releases every time he makes an 'headway'.

At some point, we were gathered together. The total number of warriors in the camp was not much, about 50 or thereabout. We were about to face a deadly assault. We all knew we were seemingly 'outnumbered' in size and strength to face the horde of enemy coming against us. Yet, we knew these enemies must not prevail.

I saw P.Robyn binding the wounds of some pierced warriors, encouraging them and telling them to pray, that the Lord will come through.

Tension was high. The enemy was intent on invading our camp and wiping it off. We could feel it in our bones that something sinister was close, we all prayed with the little strength we had.

At the nick of the time, or 11th hour, we received some 'visitors'. I saw men who were not men. They were not like us, huge, fair, some of them had long hair. They were dressed in warfare clothes, carrying strange weapons.

The first being I saw said to us 'I am Wisdom and we have come from beyond to fight with you'. Hope surged through the camp, renewed strength and vision! Every feeble hand was strengthened. None was weak anymore! There was a renewed anticipation for battle. We were not alone and the weight of the battle had shifted. The scale had tipped in our favour.

Wisdom was the leader of the army but he wasn't dressed as others. He wore a simple robe with a gold design in the chest. That's all. The atmosphere was already cleansed by the presence of these emissaries that came to our aid. Then wisdom walked towards me and gave me armour for my chest region. He helped me to fix and put it in place. I was wondering in my heart 'only the chest region'? He heard and replied, the battle ground is first your heart, once the enemy gets that, that's the end.

He then gave me a sword. Not long at all. It was bigger than a knife though, but not as long as a sword would seem. He then told me to pierce myself with the sword! I was shocked for a split second, but I obeyed. I

felt a pain briefly as I thrust myself with the sword, but I was cleansed! I felt 'detoxified'. My heart was light and clear. I could hear and understand clearly. I removed the sword, but there was no wound in my chest just a slight thud of pain.

Wisdom said 'as long as that thud of pain is there, you are safe. That's your check against excessiveness. When you are checked, you can put the enemy in his place.'

Meanwhile our enemy was approaching. It was like a horde of hell was unleashed against us. But there was an otherworldly confidence, hope, strength and vision that coursed through the camp. We were at rest.

From a distance, the enemy stopped. The Leader said 'I cannot smell fear, something has changed'. They drew closer to us and they saw us 'changed'. Our wounds healed, staying our ground with confidence and not retreating. He was enraged. Then he told his army to retreat. He said 'the battle is lost already'!

I woke up.

## AN EXPERIENCE WITH THE STOREHOUSE OF SATAN

**W**hile praying this morning I saw Michael, the arch Angel, in the spirit. With great seriousness, he told me that there's a great contention for LIGHT and MIGHT. I didn't understand at first, but there was no time to be logical, so I kept pressing in the spirit. Immediately, it was as if I joined in a battle and I was pressing into this battle. I was instructed to climb the mountain behind my house to pray and pray and pray. I did pray, but I knew this prayer was not the conventional praying in tongues was used to, this was me engaged in a war between light and

darkness. It was very intense and real. I saw the host of heaven fighting side by side as I was praying.

I saw the Breaker Angel, intensely fighting against the army of darkness. It was in this place I discovered that the breaker had a legion times legion times legion of army that fights with him. They were the breakers. I was so amazed at seeing how God has provided innumerable company of angels to fight for us, even in kingdom matters. The battle was the battle of light and might for the kingdom and it seemed we were obtaining light back for the kingdom.

While praying, I was caught up into a place called the Store of Satan. I was first trying to check my religious background with how that Satan can have a store house, because it was beyond my imagination. We came into a section of that storehouse, it was full of candle lights, white and shining very bright. These lights were neatly packed and covered with great darkness. When we got there, it seemed the angels were waiting for me to tell them what to do. But I was just standing and looking too. They were waiting because they knew I was sent there to give commands to them, so I stood there pondering on what to do. Immediately the Spirit of God told me the candles are lights that had been released to the saints of God that was stolen by the devil. The scripture in John 10:10 occurred to me, where it said the devil has come to kill, to STEAL and to destroy. The word 'STEAL' started re-occurring to me. The Spirit said the saints most times do not contend for the LIGHT that has been released from the Father to them, neither do they stand in faith and strength for lights that the Father released. The devil steals the lights and keeps them in his store house.

The Spirit told me to send the lights back to where they belong, that is, their owners. I did just that. I commanded the breakers to return these lights to their owners, they did. But something happened while they did this, they were returning some of these lights back to heaven and some back to earth. I asked the spirit about the ones going back to heaven and he said that their owners of those lights had passed on from the earth, so their lights can only go back to heaven and not the earth.

I was taken to another part of the store house where I saw utilities, I saw cars, houses, home equipment, and tools for everyday use. I was puzzled. I also saw donkeys and camels in that place. I later realized that camels and donkeys were used for transportation in ancient times and men have asked for these utilities but they didn't receive them because they didn't stand and contend. I saw cars too. I thought I should command the breakers to take them back to their owners, but the Spirit told me that there are specific angels that are assigned to distribute these, they were the 'Restoration Angels'. I saw them take these gifts back to the earth to give back to their rightful owners. They distributed gifts as instructed. I was amazed at the names and operations of the Angels.

I was caught up into another part of the store and I was amazed at what I saw this time. I saw maps, treaties, judgements of God, books upon books, architectural designs of countries and stuffs containing the will of God for countries. I saw refinery designs for Nigeria, I saw how wealthy Nigeria could be among the nations of the earth, I saw how blessed Nigeria truly is, but these things were stolen by Satan. The shocking part of all these is that if someone had contended for these things, we would have received them back, because it's our inheritance as a country, but there was no man to stand in the gap. In my shock, I was about to command angels to return these things, but the Spirit told me to call forth the territorial angels to return whatever belonged to their territories. As I called them, I saw these hefty beings come in, they cleared the room in seconds.

The last section I entered was the most shocking of them all. At this point I saw Jesus standing in front of me. He was very visible this time. We were at a section of the store house called the 'Word of God'. Jesus had been with me from the beginning of the battle, but he wasn't visible. This time I saw him enter into this section of the store, watching the words that had been released to people, to generations of people that are yet to be fulfilled because the devil stole them. Immediately, Luke 8:4-15 came to mind. That scripture describes how that the word of God is released like a seed and some fell by the way side, some fell on the rock and some fell on good soil. What the spirit was pointing me to was that those that had fallen on the wrong places, like the way side or the rocky ground, the Bible says 'the devil comes and takes away the word'. He steals and he keeps them in a section, when no-one contends for it, the word sent forth remains unfulfilled.

Jesus was so emotional and very unhappy because God's word is costly and we must not lose it. As I was looking, the Spirit showed me a particular part of this section and I saw the words for Defiance, a kingdom conference we just finished, I was mad at this moment. I asked the Spirit what that meant; he said some people had lost the words

gotten at Defiance to the Devil because they did not receive the words in their Hearts. I was so angry at this point, I could understand what Jesus was going through when he was emotional.

In my state I wanted to release the words back to earth and to heaven, but Jesus stopped me and said that can't happen. Isaiah 55:10 came to mind, "so shall my word be that goes out of my mouth, it shall not return to me void, but it shall accomplish what I please" Jesus said, "these words must not go back to heaven, it must come back to the earth until it has fulfilled its purpose on earth. I saw Jesus himself releasing those words back to the earth, the words took the shape of a sword and was being released back into the earth for its fulfilment.

God has answered our prayers. But we have an enemy, the devil, he is also the thief. We must learn to stand and fight in this season for every promise that the Father has released to us. If you don't, you will lose it to the devil. The mystery about these things is that anytime we stand and contend, we gain back whatever is ours. May we receive strength to hold on in Faith for whatever God had given unto us. Amen.

Eze Kalu

*Eze is a member of the Council of Seers and Prophetic People (COSAPP), and the CentrePort Prophetic Scribes.*

## 2017 IN PROPHECY

**D**uring our annual Prophetic Prayer Meeting of 30th December 2016, the spirit of prophecy was footloose, as God would have it every year, and He gave us the following words/visions:

### 1. 2017 : A YEAR OF RESTORATION

2017 shall be a year of Restoration, the same word the Lord gave us for 2016. However, there is a slight difference in meaning. The work He began in us in 2016 shall be completed in 2017. Let me give a little

background.

As 2015 came to an end, the Lord gave us a word for the next season; "Restoration". But as the year played out, the happenings around me and even in our country Nigeria made me wonder because apparently, we didn't seem to see the Restoration God promised in 2016.

Later on, I became enlightened about the meaning of that prophetic terminology and better understood what it means for the Lord to restore us. In his book titled "Prophets and Personal Prophecy", Bill Hamon said: "...if He says He will restore us, then He is talking about the kind of process that goes on when an old automobile is restored. We will be taken completely apart piece by piece, scattered over the garage, sandblasted to remove rust spots, given new parts to replace those that are worn out, and then reassembled and repainted. We will first become a greater mess of confusion and debris before we are restored." What some of us have experienced in 2016 is the first phase of Restoration involving the breaking and sandblasting. But in 2017, we are going to begin to experience the second phase of that word involving molding, reassembling and establishment.

### 2. DISTINCTION, PARTITION AND SEPARATION

I saw a vision of a very long line engraved in sand. A wall then appeared on the line. The wall was formed on the line, not a wall of bricks but a wall of Angels standing on the line. This was symbolic of distinction, partition and separation. We are coming into a time where there shall be a clear-cut distinction between the believers and unbelievers in terms of experiences and the things we go through in life. This word is for those of us who may have thought or felt forsaken by God because of life challenges and trials. A line engraved in sand may not be vivid enough but a wall is. This distinction will be very significant. Eghosa Osagiede was inspired along the same line and he said: "The distinction is going to be by God shining His light. When light comes it eliminates darkness (breaking process) and then brightens (molding process). The breaking precedes the molding, which precedes the distinction."

### 3. DELIVERANCE FROM RECESSION

While praying Nigeria out of recession, I saw a vision of President Muhammadu Buhari on a crag or escarpment, struggling to ascend to the top. All of a sudden 3 ladders appeared on the crag. The president represented Nigeria while the 3 ladders implied deliverance. God is bringing deliverance for Nigeria out

of recession. It may not seem so given the recent happenings but His word is infallible. In a similar vision, there was a coming flood but ropes descended, as a means of escape out of the flood. This also speaks of deliverance. God will bring deliverance to His people.

#### 4. RAISE YOUR EXPECTATIONS

In a vision, I saw believers using different sizes of containers to collect water. And the Lord began to speak about our expectations. Not to allow what has transpired in the previous year/season of our lives (like previous disappointments), make us have little expectations or belittle what God can do in the following season. He says to expand our expectations in 2017. This is because the extent of our expectations is directly proportional to how much we can receive from God.

#### 5. IDOLATRY JUDGED

I saw a vision of idols in the church being struck down by a stone. There is a measure of God's judgment coming to the body of Christ to destroy the power of idolatry.

Paul Iyare

*Paul Iyare is a member of the Council of Seers and Prophetic People (COSAPP).*

The aim of this section is not to stir up a controversy over 'definitions' or reshape anyone's theology. The essence is to convey the burden of the Lord as delivered to us through these words.

1. FELLOWSHIP: Kingdom transactions in Light are taking place in the spirit this season, spirit to spirit transactions among the brethren. There is a need to be sensitive to the move and the nudging of the Spirit, especially in believers' gatherings.

2. INTIMACY: There is a call to pay deliberate attention to the place of communion in our walk with God this season. Sow into the secret place, you are bound to reap an harvest of LIFE.

3. LIGHT: Transactions in the realm of Light, a heightened sense of discernment and the Spirit of Wisdom and Revelation. Men are receiving capacity to see, many are receiving eyes in the spirit, energies of the Spirit to see beyond the ordinary, to see the hidden things of God.

4. INTERCESSORS: Jeremiah 23:18 'who among them has stood in the council of the Lord, that he should perceive and hear His word? Who has marked His word [noticing and observing and giving attention to it] and has [actually] heard it?[AMP]

Believers are being called into Accuracy in the move of God. Men are being built up to access the courts of Heaven. We must watch and Pray!

5. JUDGES: God is raising and activating the office of a judge. Men who can stand and judge are rising, they will have access to the courts of Heaven and enforce the Will of God on earth.

They are also men of discernment. They are being raised with ability to see and divide the Word of Truth. They have ability to discern God, his counsels with authority over every satanic way or will.

6. STRENGTH: There is an impartation of Strength, Might, and Energy on the inside to advance into God this season. Many will overcome the forces or powers of the earth that are contrary to the Will of God.

Capacity to Prevail, Push back darkness, to see beyond circumstances is being released into many. God is raising a STRONG people who are not weak. There is strength to press into RIGHTEOUSNESS.

7. FOCUS: There is a call to avoid distractions that hinder our gaze on the Lord. A call to develop an INTEGRATED LIFESTYLE; a lifestyle that embraces the discipline that honours your heavenly profession. Choices that honour our destination must be held in high esteem.

8. INTENSITY: God is releasing Light at a rapid succession. There is a call to a higher level of engagement in our dealings with God. There is Grace to come into a higher frequency of Light in God this season. Response to God must be at a quick pace. This places a demand for FOCUS and INTIMACY on us this season.

9. GRACE: God is releasing Grace, divine abilities to come into the allocations of God this season.

10. WISDOM: there is an impartation of divine intelligence and the Angel called Wisdom is released to work with the people of God. There will be an expression of Wisdom by the workings of the 7 spirits of God.

11. OPPORTUNITY: Portals of Light have been opened over the people of God, but entrance and access is based on what they can see, quantum leaps can take place if they can see it. The word 'season' in Hebrew also means 'Opportunity', Riches, Growth, increase in Grace are available to the people of God this season. We receive eyes to see in Jesus name, Amen.

12. FULLNESS: There is a commitment of Heaven to give us ALL in this season. Open your heart to receive ALL that God has to offer, don't stay in parts, or measures, Press for Fullness. Fullness is our inheritance, but there must be an expectation and engagement to receive ALL the provisions of God unto FULLNESS.
